1. CLEANSSES THE SYSTEM 2. COMBATS ACIDITY

MADGE awoke on the day of the wedding feeling so listless and headachy that she just couldn't face the thought of being bridesmaid. But her aunt knew what to do. She gave Madge two teaspoonfuls of Sal Hepatica in a glass of water. Soon Madge felt better. At the wedding she was full of pep, her own bright self again.

When you feel under the weather, headachy, unnaturally fatigued, chances are two things are responsible . . . wastes in the system, plus excess acidity. For in most cases these two conditions go together—the one aggravating and prolonging the effect of the other.

Because they work together, constipation and acidity should be fought together. That is why Sal Hepatica will do you so much good. It combats both!

Quickly, gently, yet thoroughly, Sal Hepatica's double action:

1. Cleanses the intestinal tract of wastes.
2. Helps Nature to combat excess acidity.

Don't miss the big events in life that mean so much to you . . . The next time you feel dull and lousy, take two teaspoonfuls of Sal Hepatica in a glass of water. Soon you will feel better, more alert. For with the one refreshing drink you will have tackled both enemies of your natural energy. Get a bottle of Sal Hepatica today!

Half a Teaspoon—what a flavour it gives!

What a world of difference true vanilla makes—and you use so very little. It gives new life to cakes, custards and sauces. It's made from real vanilla beans, aged in oak casks.

... and you'll find what it is at the very first taste. In these radiant Lushus Jelly Desserts flavour is glorified to the nth degree. Not just extra-rich flavour—but fresh, lively, delicious flavour "twice-as-rich" as any you've ever known before.

Of course there's a reason—and it's easy to understand. In the Lushus package is a patented Flavour Bud—a shell

of sugar that seals in the deep, fruity flavour and keeps it fresh and full-bodied until you are ready to use it.

There really is a big difference in jelly desserts. So remember to ask for Shirriff's Lushus—the jelly dessert with the hearty, rousing "twice-as-rich" flavour. There is a choice of seven popular flavours in the gay three cornered packages—at your grocer's.
